### **ABSTRACT**

**T**eachers are the social engineers and they are the “Second Parents” of the children. The children who are students spend a lion’s share of the time in the school. So for the better upbringing of the students, the role of the teachers is very much important from various aspects and perspectives. There are some teachers who are recruited on regular salary structure and some are on fixed salary structure. In Tripura also, there are some teachers who work under SSA, are recruited on fixed salary for some period of time. There are some other variables which may or may not be related with the salary structure of the SSA teachers. So, this present paper aims to focus on the present status of the SSA teachers of Tripura with respect to some aspects.

**KEY WORDS:** SSA, Achievement Motivation, Esteem Needs, Job –involvement.
